Summary

Motivated B.Sc. IT graduate specializing in SAP ABAP with hands-on experience in data retrieval, database joins, ALV reporting, and selection screens. Skilled in crafting enterprise solutions and eager to apply and expand ABAP expertise to deliver impactful business outcomes.

SAP ABAP Skills (Learned So Far)

- Internal Tables & Work Areas
- Data Dictionary
- Table Operations
- ALV Reporting
- Selection Screen Programming
- Screen Design & Dialog Programming
- Modular Programming

Technical Skills

- **Programming:** SAP ABAP, Python, C
- **Database:** SQL Server (Basic)
- **Tools:** Microsoft Excel (Intermediate, In Progress)
- **Web (basic exposure):** HTML, CSS (Basic)

Soft Skills

- Adaptable, Quick Learner

Experience

Web Development Intern – NXT Logic Software Solution

(May 2024 – Dec 2024)

- Built an inter-college event platform using ASP.NET, C#, and SQL Server
- Implemented event scheduling, registration, and participant communication modules
- Improved coordination across colleges by replacing manual processes with automated workflows

Projects

Student Mark Display – SAP ABAP

(Aug 2025)

- Designed a report leveraging internal tables to store and display student marks
- Integrated selection screen filters for flexible record retrieval
- **Advantages:** Enables quick academic performance tracking

Overcrowd Detection System – Logic-driven alert mechanism (Python/OpenCV)

(Apr 2025)

- Created a real-time crowd detection system using Django and OpenCV
- Implemented triggered alerts when crowd exceeds safety thresholds
- **Advantages:** Helps ensure public safety by preventing overcrowding in real-time environments (e.g., events, malls, public spaces)

Education

B.Sc. Information Technology

PSGR Krishnammal College for Women, Coimbatore 2022 – 2025 | CGPA: 8.53/10 (81%)

HSC

Montfort Matric Higher Secondary School HSC: 75.75% (2022)

Certifications

- SAP ABAP (In Progress, Near Completion) – Cadpoint Gandhipuram, Coimbatore (2025)
- RPA with UiPath – ICT Academy (2024)
